MINISTER FOR AGRICULTURE
2 AUG 1952
GOVERNMENT OF MADRAS

The Hon'ble Dr.R.NaganGowda,
Minister for Agriculture,
Fort St.George, Madras.

SECOND ASSISTANT SECRETARY
EDUCATION DEPARTMENT
13 AUG 1952

SECRETARY TO GOVERNMENT
PUBLIC WORKS DEPARTMENT
6-AUG 1952

Sir,

We all know that the Tungabhadra Project will be completed next year. Ever so many buildings and structures have been put up there in connection with the project. Electrical energy is easily available. It is richly inhabited. Machinery and other material is utilized now for the construction of the dam and all these can be put to the best use and advantage in that place itself by starting a mechanical engineering college. If not the Govt.may have to think of auctioning the stuctures and moving the material to some other part of the Province. After all Govt.may realize a nominal and negligible sum out of this. But we, the backward people of the Dt. lose a most precious chance which occurs only once in a life time.

Now alone you must move. Otherwise, it will be too late. I am informed that the budget for the next year will be shaped in September. If we do not move and get things included now, we can never hope to. When once the chance is lost, we can never dream of any such opportunity.

I suppose you agree with me. I request you most earnestly to take up this matter and do all that is necessary. Your name will become eternal if you achieve such a beneficial scheme for the district.

With best wishes,

Yours sincerely,

Sirasappa Ijari

Let. Ref. No 34962/G1 52-1 Edn 13/9/52

To Sri Siva Sappa Ijari, M.L.A.
Hanjamahalli P.O., Bellary Dt.

Sir,

Sub. Colleges - Starting of an Engineering College in the Tungabhadra Project area.

With reference to your letter dt 1/8/52, addressed to M(Agri), I am to inform you that in the two Govt. Engg. Colleges at Anantapur and Kakinada, Courses in Civil, Mechanical and Electrical engineering are being provided and in view of the existing financial stringency the starting of a new Engg. College in the Tungabhadra Project area does not seem feasible.

Yours faithfully,

for Secretary to Government

Coll. Edn Dept

5296(A)/52 Sub: Colleges - Starting of a new Engineering College in the Tungabhadra Project - request for.

Ref: From Sri. Siva Sappa Ijari M.L.A. d 1/8/52

In the representation at page 1 cf., Sri. Sivasappa Ijari M.L.A., requests that a Mechanical engineering College may be started by the Govt. in the Tungabhadra Project area. He also suggests that the machinery and other materials assembled there can be put to the best use and also that the electrical energy will be easily available.

It is submitted that there are already two Govt. engineering Colleges in Andhra, one at Anantapur and another at Kakinada, where Courses in Civil, Mechanical and Electrical engineering are ~~taught~~ imparted. Besides, both the Engineering Colleges are located in temporary buildings, pending Construction of permanent buildings, which were deferred for financial reasons. In the circumstances starting of a new Engineering College, as requested for in the representation, does not seem to be feasible. ~~For orders as to further action.~~

May be Circulated to ~~M (Pw) with reference to the minutes of M (Agri) at page~~ to M (Agri) thro: M. (Pw)
